SHOCK AND VIBRATION DIGEST

We have been advised by the Director, Shock and Vibration Digest Center, Naval Research Laboratory, that the series entitled SHOCK AND VIBRATION DIGEST is a cooperative publication which must be sold by the authoring agency to be self-sustaining. Reference is made to the United States Code, Title 44, Chapter 19, Section 1903. The subject title WILL NOT be included in the depository library distribution system.

OSAHRC LATE FICHE

The Occupational Safety and Health Review Commission informs this office that due to technical and administrative problems the July to December 1980 microfiche will be delivered later this month. OSAHRC hopes to be caught up with the usual monthly turn around by the end of May.

CORRECTIONS WANTED!

The JOINT COMMITTEE PRINT, GOVERNMENT DEPOSITORY LIBRARIES (Y 4.P 93/1:D 44/981) was listed April 14, 1981 on Shipping List 15,863. Would you please check your depository library's entries in sections III and IV. Should you find any error in the telephone number, zip code, name of library, etc., please photocopy the page in question, circle your library's entry and note corrections to be made. Send this information to the Library Division (SILA), Attention: Lou Burgess, 5236 Blackfower Avenue, Alexandria, Virginia 22304. We will compile the corrections and issue an errata sheet in the near future. Your response is due by June 19, 1981.

DATES SET FOR COUNCIL MEETING

The Depository Library Council to the Public Printer will hold its Fall meeting in Old Town, Alexandria, Virginia. Registration and an afternoon session for Regional Depositories will be on Sunday, September 27. Meetings will be on September 28, 29, and 30. The place will be: Holiday Inn - Old Town, 180 King Street, Alexandria, VA 22314, phone: (703) 549-6080.

SOLAR LAW REPORTER IN PAPER AND MICROFICHE

The SOLAR LAW REPORTER (E 1.38/4:) was received in short supply for volume 2, numbers 3 and 4. As a result, paper copies were supplemented with microfiche copies in the distribution listed on Shipping List 15,724-M, March 11, 1981. However, adjustments in quantities requested have been made and issues 5 and 6 had sufficient paper copies. We are reasonably sure that adequate paper copies will also be available with volume 3, number 1, and subsequently.

PATENT OFFICE DELAY

Libraries awaiting the 5th update to PATENT OFFICE CLASSIFICATION DEFINITIONS will see the microfiche sometime in June. Both the Patent Office and GPO rejected the poor quality fiche submitted by a contractor, and the job is being redone. It is distributed under Item Number 252-A (C 21.3/2:).

WE TRIED!

A very alert Documents Librarian, Ms. Margaret Aycock, with the Arthur J. Morris Law Library at the University of Virginia, brought to our attention a new publication of the Federal Reserve Board. It was described as a loose-leaf service titled, FEDERAL RESERVE REGULATORY SERVICE, and we requested it for a survey. However, we have been informed that it is produced by the Board of Governors of the Federal Reserve System which receives funds from assessments on the Federal Reserve Banks. By statute (12 USC, section 244) these funds are not construed as Government or appropriated money. Also, the publication is considered as "cooperative" under 44 USC, section 1903 as it is intended to be sold in order to be self-sustaining. Regrettably, we cannot obtain it for distribution. But many thanks to Ms. Aycock for giving us the chance to try!

DEPOSITORY LIBRARY INSPECTOR

We expect to be announcing nation-wide Depository Library Inspector positions (GG- 9/11) in the near future. Candidates should be professional librarians with documents experience and currently listed on the Librarian Register. If you are interested, and would like to receive an announcement, when it is issued, drop a note to:
